Possible Ways to Neutralize Covid Vaccine Spike Protein Damage

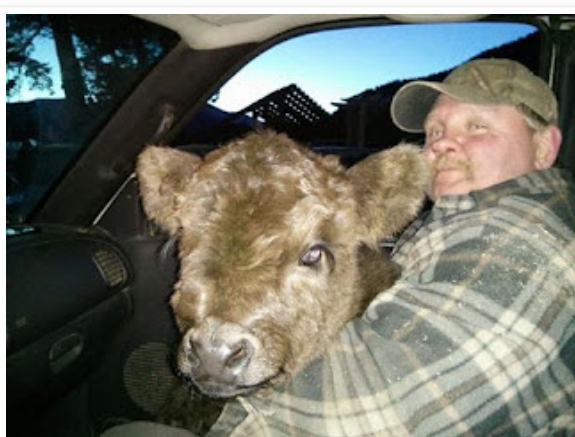

IMPORTANT: The content posted on this website is for informational or educational purposes only and does not substitute professional medical advice or consultations with healthcare professionals.

This information is also NOT intended to mislead so I implore **EVERYONE** to please do their own research! This page is intended as a starting point for that purpose only.

My baby brother Daryl passed on May 13/21 from internal bleeding laying on his floor at home, he had the Moderna vaccine. Is this related? In my opinion YES but I can't prove it, the coroner refused to do an autopsy.

I created this website in his memory....

NEWS ARTICLES ~ I Have a TON of Random Covid and Vaccine Information Links On This Website and Have Them at This Page. Share With Family and Friends Who Need Education and Information On What Is Going On Worldwide. Please Bookmark and Check Back Often Because I Will Updating Regularly With New Stuff:

<https://spikedetox.blogspot.com/p/september-2021-covid-vaccine-death.html>

I have been putting together some possible Spike Protein removal information for people who have had the Covid Vaccine and for people susceptible to the Spike Protein shedding (which is everyone). Many highly credentialed health professionals have claimed the body may be able to rid itself of the Spike Proteins or at least alleviate the deadly damage they cause by using certain products/remedies and protocols which I have here on my website. Please bookmark my site as I will update as I find new information. I also have a Graphene Oxide detox page on this website.

Here's an awesome website where people share their vaccine injury testimonials. You can go there and share your own if you have one. Check it out!

<https://1000covidstories.com/>

I just put this information website together to share with your employers, schools, local businesses, health care institutions, etc.

It is pertinent information that they need to know before implementing vaccine mandates which will destroy many people and their families. It's already happening. Please share, there's a TON of great information here:

Please share.....

This is AMAZING Info!

I was listening to a podcast at the SGT Report and it was very fascinating (video link below). They talked about how "Zeolite" could possibly rid the body of the dangerous Spike Proteins found in the Covid vaccines.

Negatively-charged Zeolite works like a magnet, trapping positively-charged toxins such as lead, mercury, arsenic, cadmium and many more, and carries them out of the body within hours and since the Spike Proteins are positively charged it's believed they could be removed as well. I posted the podcast below and also a link to where you can purchase this amazing product as well.

The "Pure Body" Zeolite Clinoptilolite helps remove heavy metals and positively-charged toxins and Volatile Organic Compounds including:

- Aluminum
- Lead
- Mercury
- Cadmium
- Arsenic
- Radioactive Metals
- Nitrosamines
- Bisphenol-A
- Toulene
- Benzene
- Pesticides
- Herbicides

Watch this video - The presenter, Anna, shows a video from a pro-vaccine researcher, who discusses peer reviewed studies that explain where the Spike Proteins from the vaccine accumulate in the human body. Anna then explains that because Spike Proteins are positively charged, and toxins, negatively charged Zeolite, which scavenges for positively charged toxins (a peer reviewed process), could help combat the spike proteins from both the vaccine and possible shedding ~ this is incredible!

I found an online pharmacy (Reliable RX) where you can order Ivermectin and many more products, just use the search bar at the top of the page to search for what you want. Please note that Ivermectin goes under other names as well but it will say if the active ingredient is Ivermectin.

They ship to many places except Australia. To find out if they ship to your country, register with the website and when you fill in your address you will see from the drop down menu if your country is included.

This pharmacy is one that is supported by Dr. Ardis

"The Truth About Vaccines"

With the current irrational push to vaccinate the planet against COVID-19, a virus that has a 99.9% recovery rate, we feel it is important to discuss practical ways to "detox" and "neutralize" damage that is being done by these untested mRNA vaccines.

Interestingly, here in our home state of Tennessee, the COVID "mortality rate" has tripled, even though we lead the USA in vaccination rate. Makes you wonder, doesn't it? Logical thinkers would deduce that the vaccine is responsible, sort of like when we see obesity rise in populations that eat lots of ice cream. But the irrational and illogical 'mainstream media' and

'medical mafia' will undoubtedly blame "anti-vaxxers" for the increase in deaths, which makes as much sense as blaming vegans for the increase in heart disease in people who eat hot dogs every day...

But let's not get distracted by the facts or by logic!!

Despite the \$4.5 billion in damages awarded by the Vaccine Court since 1986 ...

Even though the Supreme Court described vaccines as "unavoidably unsafe" in 2011 ...

Despite package inserts which prove that most vaccines contain known carcinogens and chemicals that cause neurological damage.

Those who dare to question vaccines are EVIL.

They are DANGEROUS!

They must be BLAMED for the deaths of those who are vaccinated.

They must be CENSORED at all costs! (OK, OK, enough sarcasm)

In all seriousness, this information might save someone's life, so we wanted to share with you. It was provided by a physician who wishes to remain anonymous. The goal of this research is to help the body recover from damage and detoxify, stabilize, and cleanse the toxic ingredients from the body including hydrogels, luciferase, and nanobots as well as silence the messenger RNA (mRNA) contained in the COVID vaccine.

What is mRNA?

Messenger RNA (mRNA) mediates the transfer of genetic information from the cell nucleus to ribosomes in the cytoplasm, where it serves as a template for protein synthesis.

HUH?

I know, this sounds like a bunch of scientific 'gobbly-gook' so let me translate for you.

We are made of cells. Each cell contains millions of proteins. The instructions for making proteins are "written" in a cell's DNA in the form of genes, which build proteins via transcription ("rewriting" the DNA sequence in the form of mRNA) and translation ("decoding" the mRNA and building the protein).

So, if the COVID vaccine uses mRNA to change your genetic code, then the key to preventing damage would logically be to interfere with the translation of the message, right?

Voila!

The RNA Interference system (RNAi) is a mechanism by which cells control gene expression by shutting off translation of mRNA. RNAi can also be used to shut down translation of viral proteins when a cell is infected by a virus. The RNAi system also has the potential to be exploited therapeutically¹ and can prevent the viral RNA from replicating.

Below are the TOP FIVE recommended substances to mitigate damage from mRNA vaccines (in no particular order) I have added Amazon purchase links below if you wish to order the following products online or you can go to your local health food store.

1 | IODINE

An essential mineral, iodine is used by the thyroid gland to make thyroid hormones that control many functions in the body including growth and development, repairing damaged cells and supporting a healthy metabolism. Because your body does not produce iodine, it needs to be supplied in the diet. Iodine can also be used to detoxify toxic compounds and strongly increases the mRNA decay rate.^{2,3} Dietary iodine also controls its own absorption through regulation of the sodium/iodide (NIS) symporter,^{4,5} which protects the functions of the thyroid gland.

2 | ZINC

Zinc enables the body to make proteins and DNA, contributes to wound healing, and plays a role in childhood growth and development. It also has antioxidant properties and plays an important role in cell-mediated immune function and modulates mRNA levels of cytokines.⁷ Zinc has been shown to regulate gene transcription in cancer cells, plus zinc globally down-regulates microRNA expression and key enzymes and proteins necessary for microRNA maturation and stability.⁸ Lastly, zinc-finger protein serrate is among the plant compounds that may silence mRNA.

3 | QUERCETIN

Quercetin, a flavonoid with multiple proven health benefits to both man and animals, displays a plethora of biological activities. Quercetin-treated neutrophils exhibited a remarkable suppression in mRNA expression of various proinflammatory genes.¹⁰ One of the lesser-known and recently discovered roles of quercetin, is modulation of microRNA (miRNA) expression, which plays a vital role in health and disease.

4 | SUPERCHARGED C60

(Nano-Carbon Activated Charcoal)

Carbon 60 (C60) is a naturally occurring molecule comprised of 60 carbon atoms forming something that looks like a hollow soccer ball. The scientific name for C60 is "Buckminsterfullerene" and it is the only molecule of a single element to form a spherical cage, and it may be the most powerful antioxidant yet known, performing the antioxidant action of Superoxide Dismutase, Glutathione, Catalase, and COQ10. Over the past 13 years, the "Supercharged" C60 fullerene molecule has been examined, tested and characterized by no less than 15 universities and 5 federally certified research laboratories, resulting in more than "600 evaluations." There has also been considerable positive research conducted regarding Supercharged C60 potential uses in electromagnetic field (EMF) absorption. The Supercharged C60 molecule is a nanocarbon material that exhibits incredibly potent antioxidant properties that may augment the body's ability to manage oxidative stress in both healthy and diseased states. Studies indicate that carbon nanocarriers can deliver small interfering RNA (siRNA) and enable a myriad of plant biotechnology mRNA applications,¹²

internalize into cells and subsequent gene silencing efficiency,¹³ and are critical for efficient gene knockdown.

5 | **PQQ (Pyrroloquinoline Quinine)**

Pyrroloquinoline quinone (PQQ) is a powerful antioxidant and cellular energy booster that works to support the health of your energy-producing mitochondria, protecting them from oxidative damage, even helping you grow new mitochondria.¹⁵ PQQ is actually the only nutrient on earth known to be capable of generating new mitochondria. PQQ is contained in fruits and vegetables and in human breast milk and is a plant growth factor and bacterial cofactor. Studies have shown that PQQ disodium salt (BioPQQ™) has positive effects on cognitive function and may have a protective effect on UVA irradiation-induced aging.

CONCLUSION

As pressure to be vaccinated for COVID mounts, it will be vital to discover methods to mitigate damage, especially for those who are required to be vaccinated due to employer requirements or other reasons. In summary, the five substances discussed above are as follows, along with links to recommended sources:

Black Oxygen products are based on fulvic acid. We found the highest, purest and most bio-available form of organic, non-fossilized Humic/Fulvic Acid known to man in Canada. A relatively unknown substance affectionately called, the 'miracle molecule'. Science hasn't been able to replicate it, which may be why you haven't heard of it yet.

The Black Oxygen Organics products have been formulated to help reduce the effects of inflammation and oxidative stress. In addition to the anti-inflammatory and antioxidant benefits, our effective products also help:

- * Most Powerful Electrolyte in Existence
- * Delivers Usable Oxygen into the Cell
- * 70+ Trace Minerals
- * Reduces Oxidative Stress
- * Improves Immune Function
- * Supports Healthy Circulation
- * Boosts Metabolism
- * Improves Brain Function, Memory, Mood
- * Improves Heart Health
- * Increases Nutrient Absorption
- * Removes Toxins, Heavy Metals, Pesticides
- * Cell Regenerating
- * Enhances, Repopulates Gut Flora
- * Helps Balance Hormones

Natto extract degrades key region of SARS-CoV-2 spike protein

Natto is a traditional Japanese dish made by fermenting soybeans with *Bacillus subtilis*, a bacterium typically found in soil and vegetation. Mike Adams from NaturalNews.com wrote about Natto and it's possible ability to deal with Spike proteins: <https://www.naturalnews.com/2021-07-27-fermented-japanese-dish-inhibits-covid-infection.html>

Just found 2 great (Natto) "blood clot" prevention products and mentioned them at my Alternative Health blog, check it out: <https://alternativehealingandhealth.com/2021/09/11/blood-clots-are-a-deadly-problem/>

Purchase at iHerb ~ They have great selections:

Citrus Fruit (especially blood oranges, due to their high **Hesperidin** content — hesperidin is a chalcone like **Quercetin** that deactivates spike protein)

Fennel and/or Star Anise Tea: These are also an excellent source of shikimate or shikimic acid (which is known to neutralize the spike protein)

Wheatgrass and **Wheatgrass Juice** (blades are high in shikimate)

Schizandra Berry (high in shikimate)

Triphala formulations: In Sanskrit, the word Triphala means “three fruits”: a combination of Indian gooseberry (*Emblica officinalis*), black myrobalan (*Terminalia chebula*) and belleric myrobalan (*Terminalia belerica*). The terminalia fruits are rich in shikimate.

Purchase at Amazon: <https://amzn.to/37K1Uy7>

St. John’s Wort (shikimate is found throughout the entire plant and in the flowers)

Comfrey Leaf (rich in shikimate)

Feverfew (leaves and flowers are rich in shikimate)

Ginkgo Biloba Leaf (rich in shikimate)

Giant Hyssop or Horsemint - (*Agastache urtifolia*) (rich in shikimate)

Liquidambar (Sweet Gum tree) A tea of the spiky seed pods is rich in shikimate.

I also heard Dr. Sherri Tenpenny say on a podcast that CoQ10 (Coenzyme Q10) is an important supplement to take if vaccinated. CoQ10 is a popular supplement used to boost energy levels, protect the heart, and reduce the side effects of statins. It is important for proper mitochondrial function, heart health, muscle function, and more.

- * **Increases energy levels**
- * **Boosts mitochondrial function**
- * **Protects against free radicals and inflammation**
- * **Improves heart health**
- * **Reduces blood sugar levels and blood pressure**
- * **Helps with migraines**
- * **Improves fertility**
- * **Reduces the side effects of statins and chemo:**

Also, water only fasting (for 1 week) has been shown to repair DNA damage and silence foreign mRNA. And taking full spectrum hemp extract is another excellent suggestion due to the positive effects on our endocannabinoid system, which regulate almost every internal function. We take this organic hemp extract every day! Very high quality and the most powerful non-THC CBD products around can be found at the following website. They are non-GMO, organic and pesticide free: <https://bodywise.thegoodinside.com/shop/product/calm-hemp-oil-750mg-full-spectrum-cbd>

13 Benefits of Spirulina

1. BOOSTS PROTEIN
2. DETOXES HEAVY METALS
3. FIGHTS ALLERGIES
4. LOWERS CHOLESTEROL
5. LOWERS BLOOD SUGAR
6. ACTIVATES ENZYMES
7. BALANCES BLOOD PRESSURE
8. LOW-FAT CONTENT
9. ANTIOXIDANT RICH
10. BOOSTS IMMUNE SYSTEM
11. PROMOTES GOOD GUT HEALTH
12. HIGH MINERAL CONTENT
13. INCREASES B-VITAMINS

Did you know that Spirulina is the most effective chelator? Spirulina draws out heavy metals, radiation and toxins from your brain, central nervous system, and liver. There are countless scientific studies confirming the healthy properties of this super-food! Not only does Spirulina provide large amounts of vitamins, minerals, proteins & amino acids, it also contains extremely strong antioxidants! In fact, Spirulina is one of only a few substances in the world proven to be able to remove heavy metal toxins from the human body!

Dr. Brian Ardis

Doc Ardis (podcast link below) ~ "HOPE" For the Vaxxed and the UN-Vaxxed

Dr. Ardis explains what is in the vaccines and what they do to your body. Listen to the entire podcast but the 19 minute mark he explains that all diseases start with a process called "Oxidative Stress and gives a list of supplements that help the immune system stop that process which the spike proteins from the vaccinations will create.

Products to protect against Covid Vaccine Spike Proteins:

- * 700 mg **Apple Pectin** twice per day
- * 10,000 mg **Vitamin C** (start at 5,000 per day)
- * 500 mg **Magnesium** per day
- * 250 mcg (micrograms) **Selenium**
- * 5,000 mg **Vitamin D** per day
- * 50 mg **Zinc**

Dr. Zev Zelenko's Protocol

Dr. Vladimir (Zev) Zelenko is a Board Certified Family Physician. He was the first in America (March 2020) to innovate a successful treatment for covid-19. A Nobel Prize nominee, Dr. Zelenko was censored and de-platformed across big tech for sharing his life-saving formula and for affirming that Covid-19 is a "bioweapon for mass Genocide".

"The Covid-19 poison death shots create killer antibodies and killer antibodies are time bombs that get triggered by exposure to matching viral infections" says Dr. Zelenko. "NANA-ME may stop that from happening. N-Acetyl Neuraminic Acid Methyl Ester (NANA-ME)". He further says that "NANE-ME may prevent Antibody-Dependent Enhancement (ADE) and potentially billions of deaths".

Dr. Zelenko explains here what you can do if you've taken the Covid shot:

Budesonide (steroid) order online here:

www.BodywisePharmacy.com Search for "Budecort Inhaler" in the search bar at the top of the page. You can also order Ivermectin here.

Dr. Zelenko's Protocol contains Ivermectin (hard to get), Hydroxychloroquine (HCQ), Zinc, Vitamin D3, and Quercetin. Zinc together with HCQ as a delivery system while Vitamin C with Quercetin works as a delivery system.

FYI ~ From what I am hearing from various health professionals is if you did get the Covid vaccine the biggest thing you want to do is NOT get sick because this sets off a spike protein cytokine storm that is extremely damaging and deadly to your body. Keep your immune system strong!

<https://pubmed.ncbi.nlm.nih.gov/32544563/>

You can order his Z-Pak from his website (they are 2 weeks behind in orders as of today) or order the 4 ingredients (below image) of the Z-Pack separately online which is what I did. If you can't get HCQ then Quercetin is the next best supplement in lieu of that does the same job as HCQ.

HCQ is prescription based only. Dr. Zelenko recommends Quercetin as an over-the-counter alternative. It is a plant derivative that does essentially the same thing as HCQ and is readily available. Quercetin, like HCQ, is a zinc ionophore which allows a rapid increase in intracellular zinc levels. It also enhances vitamin transportation to the cells. Vitamin C is a required cofactor for Quercetin to work. Vitamin D helps our immune systems stay balanced.

This chart simplifies & summarizes Zelenko's COVID19 protocols with the Quercetin alternative.

Prophylaxis (> 45 yrs old)	Treatment - high risk (> 45 yrs old)
Vitamin D3 5000IU 125mg, daily	Vitamin D3 10000IU 250mg, 7 days

Immune Defend has been recommended by a doctor who specializes in infectious diseases to help fight off the Covid virus. It is an 8 in 1 Immune System Booster Support Supplement w/ Vitamin D3 5000 IU, Vit C 1000mg, Zinc 50mg, Elderberry, Quercetin, Turmeric, Curcumin, Ginger, Echinacea...

Recent studies about Ivermectin show that this antiparasitic medicine is good for prophylaxis and treatment of COVID-19. Wormwood (*Artemisia absinthium*) is one of the most effective antiparasitic herbs in the world, and one of the best natural alternatives to Ivermectin. The active ingredients in wormwood are toxic to most types of intestinal worms, including *Giardia lamblia*, a parasite responsible for giardiasis. Moreover, wormwood is a strong bitter tonic, which promotes bowel movements and thus the elimination of intestinal parasites.

From Mike Adams at **www.NaturalNews.com**

I have bombshell information for you today about pine needle tea and its chemical constituents, and how one of them (shikimic acid) is actually used to manufacture Tamiflu, the anti-influenza drug. Through a series of science papers I show you today, you'll see how pine needle tea can halt blood clots and protect the body from respiratory infections and harmful blood platelet aggregation. That article states:

There is a potential antidote to the current spike protein contagion which is called Suramin. It's found in many forests around the world, in Pine needles. Suramin has inhibitory effects against components of the coagulation cascade and against the inappropriate replication and modification of RNA and DNA. Excessive coagulation causes blood clots, mini-clots, strokes, and unusually heavy menstrual cycles. Pine needle tea is one of the most potent anti-oxidants there is and it's known to treat cancer, inflammation, stress and depression, pain and respiratory infections. Pine tea also kills parasites. Mike also shows you how to make your own Pine Needle tea using an espresso machine, it's all in the following article:

Dandelion Extract

Dandelion Leaf Extract (Taraxacum Officinale) Blocks Spike Proteins From Binding to the ACE2 Cell Surface Receptors. The engineered spike proteins from SARS-

CoV-2 can be STOPPED by a common "weed" that is

exterminated from lawns every year. A German university study found that the common dandelion (*Taraxacum officinale*) can block spike proteins from binding to the ACE2 cell surface receptors in human lung and kidney cells. The water-based dandelion extract, taken from the plant's dried leaves, was effective against spike protein D614 and a host of mutant strains, including D614G, N501Y, K417N and E484K. Dandelion extract is one of many herbs that will assist in a healthy immune response. Better yet, dandelion extract could prove to prevent infections altogether, by blocking the precise channel by which the spike proteins attach and cause viral replication. ASEA Redox signaling molecules is called the 'Water of Life' because it reactivates gene signalling pathways which get shut off by Graphene Oxide Toxicity. ASEA Redox enables your cells to increase the endogenous glutathione production by a whopping 500-800%, thus detoxifying Graphene Oxide Nanoparticles and spike protein, optimally. According to scientific research, ASEA Redox signaling molecules increase the capacity of cells to detox by 4 fold and may increase mitochondria production by 30% after a fortnight. This meta anti-oxidant has the potency of an antidote and because it's native to the body, the benefits of consuming ASEA will increase with continued use.

Neem is a Immune & Lymphatic Powerhouse Plant in Ayurveda
Neem has been called "the first line of defense" for your immune system for a few reasons. Neem is specifically beneficial for signaling the body to release macrophage and cytokine cells. These are specific immune cells that search, seek, missile and destroy dangerous microorganisms in the body. These are highly trained and targeted immune cells that travel in the blood and lymphatic system. These cells all work directly with your lymphatic and immune system. The healthier the response of the macrophage and cytokine response in the body, the more able you will be to handle anything negative thrown at you, from a strong immune line of defense.

How to Make Hydroxychloroquine ~ Another Recipe to Try

1. Use the peelings of 3 grapefruits and 5 lemons (best to be all organic)
2. Bring to a boil 2 liters of the cleanest water
3. Add in peelings and continue to low boil for 3 hours (put lid on pot to prevent water vaporizing away)
4. Remove and let cool
5. Pour into a glass mason jar and refrigerate
6. Take 2 tbsp daily first thing in the morning on an empty stomach

Benefits...

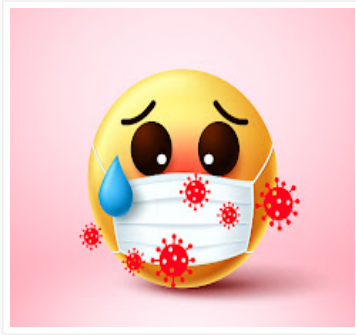

1. Boosts immune system
2. Helps clear congestion, breathing, colds, flu, aches, pains, bacteria, viruses and more...
3. Adds to overall feeling of wellness

Note...

These peelings contain the natural active ingredient of hydroxychloroquine called quinine.

If you are using alkaline water do NOT boil in a metal pot as the alkaline molecule is very friendly and metal molecules like to adhere to them. So use a glass pot. Otherwise use the best clean water available to you and boil in a stainless steel pot. NEVER use aluminum cookware as it contaminates by leeching aluminum into the product you are making. You can also purchase Quinine supplements here:

What a fabulous list! Thank you so much. Many of these herbal aids I have in my yard (dandelions), my vertical planter, or in my kitchen cupboard. Others are easily obtained such as the citrus fruits. Yet others such as pine needles are easily found around my neighborhood or local parks.

I will copy your list for reference; it's great.

Also, I'd like to note that La Quinta Columna, a Spanish research group, has also created a list of helps. It can be found in English on [www dot Orwell dot City](http://www.dot.Orwell.dot.City). I think a few others have made an English list but Orwell seems most complete.

This is the BEST list of healing therapies I have found! I'm trying to help my uncle heal from the death jab that we told him NOT to take, but everything either "tastes bad" (pine needle tea) or wouldn't let him sleep for 3 days (zeolite). Of course, no one can convince him he is "vaccine" damaged, so he has been to the ER three times since his second jab at the end of June 2021. The PA he saw the second time diagnosed him with a kidney infection and gave him an antibiotic and prednisone. Now he has finished the meds and his symptoms are back as strong as before. They took labs and his ferritin level is over 6000!! His A1C is also high. The man is a ball of inflammation! I certainly hope something in this fantastic list will help him. Thank you!

Reply**FabulousGarsijanovski** September 2, 2021 at 3:30 AM

I am applying for a job in the US from Japan, and I was devastated when both the US and Japan have vaccine passports and mandates (some US states banned it along with masks). The recent Harris-Biden administration's EO mandates the CCPVIRUS vaccine full vaccination before any medical exams, along with Japanese law that mandated the vaccines to departing foreigners.

Since I am a citizen of another country, I don't dare to be open about my criticism of the mandates or else, my home country will arrest me if I don't take the poison.

Right now, me and my wife have decided to get it, but only after we purchase ivermectin, kishimic acid-herb teas and possibly, Pure Body Extra in a last ditch effort to neutralize the spike protein that will come from the poison and be S.P. free after both jabs.

This site is very helpful for a guy like me who may have to do all means to give my wife a better life while finding ways not to become another dead guinea pig.

Thank you

Your recommendations for "recommended substances to mitigate damage from mRNA"... are these things to take for a period of time after vaccine or from here on out? I'm a healthcare worker desperately fighting the jab (pulling out all the stops) but I have family to support so I can't loose my job. I'm already following Zelenko protocol. I tested positive for antibodies but have never had symptoms. The NP said most likely because I was taking Vit D.

I'm a parent of two young babies at 6 months old. My partner took both pfizer shots and I'm really concerned about spike shedding to my kids. I am taking a range of supplements myself so hopefully this will help stop and transmission to me but I can't just dose my babies up without some research.

I'm giving them Vit D3 for babies and introducing puree berries to diet for quercetin, they are bottle fed so this does contain some zinc. Any ideas on what else would be safe such as pine needle tea? Help would be really appreciated.

If you want to see the REAL reason why these "experts" don't want you to take ibuprofen before your jab, look at why you shouldn't take ibuprofen with alcohol. apparently it messes with the enzymes on how lipids(what covid-19 messenger RNA is wrapped in) breaks down. if you ask it directly, they play stupid and say it "blunts it" or say "they don't know how it affects it" but adamant we shouldn't take "pain killers" before taking the jab. they are scared sh*tless of us figuring out we can mess with their science experiment on us.

I saw that. My husband is being forced to take the jab for work. I figured that the J&J would be the easiest one to negate. We're going with 2 tabs x4 the day before, the day of, and the day after, along with a water fast, and a whole host of supplements and teas. Spared no expense. I can replace money. I can't replace my husband.

Natural herbs have cured so many illnesses that drugs and injections can't cure. I've seen the great importance of natural herbs and the wonderful work they have done in people's lives. I read people's testimonies online on how they were cured of Herpes, HPV HIV/AIDS & STDs, Diabetics , Gonorrhea, Hepatitis, Arthritis, Chronic pains. etc. by herbal medicine, so I decided to contact the doctor because I know nature has the power to heal anything. I was diagnosed with Herpes for the past years but Dr Chike cured me with his natural herbs and I referred my aunt and her husband to him immediately because they were both suffering from herpes but to God be the glory, they were cured too .I know it is hard to believe but I am a living testimony. There is no harm trying natural herbs. Contact Dr on Whats-App . +233502715551. text/call via: +1 (719) 629 0982 , or you can also contact through his Facebook Page @ Dr Chike Herbal Remedy.

Hello views, I am so excited to share this wonderful story here .
I was diagnosed with herpes virus and I was told there was no cure except medication that can control it, I totally lost hope, all I could think was losing my life because I was so depressed and confused about the whole situation , few weeks ago I read about Dr Oso online how he cured someone from cancer which was guaranteed, but i never still believe on it but i decided to give a try on him so I ordered the medicine after using it for few days i started experiencing changes all over me so i waited until i finish using the medication, so after everything I went for blood test to confirm if i am really healed from this virus to my greatest surprise it came out negative i jump up and shattered oh my goodness what a wonderful miracle i never believed in . I am so excited to share my testimony. Thank you so much Dr Oso . You are a great man. I must tell everyone I know who has any kind of disease or virus. you can also email him on via
